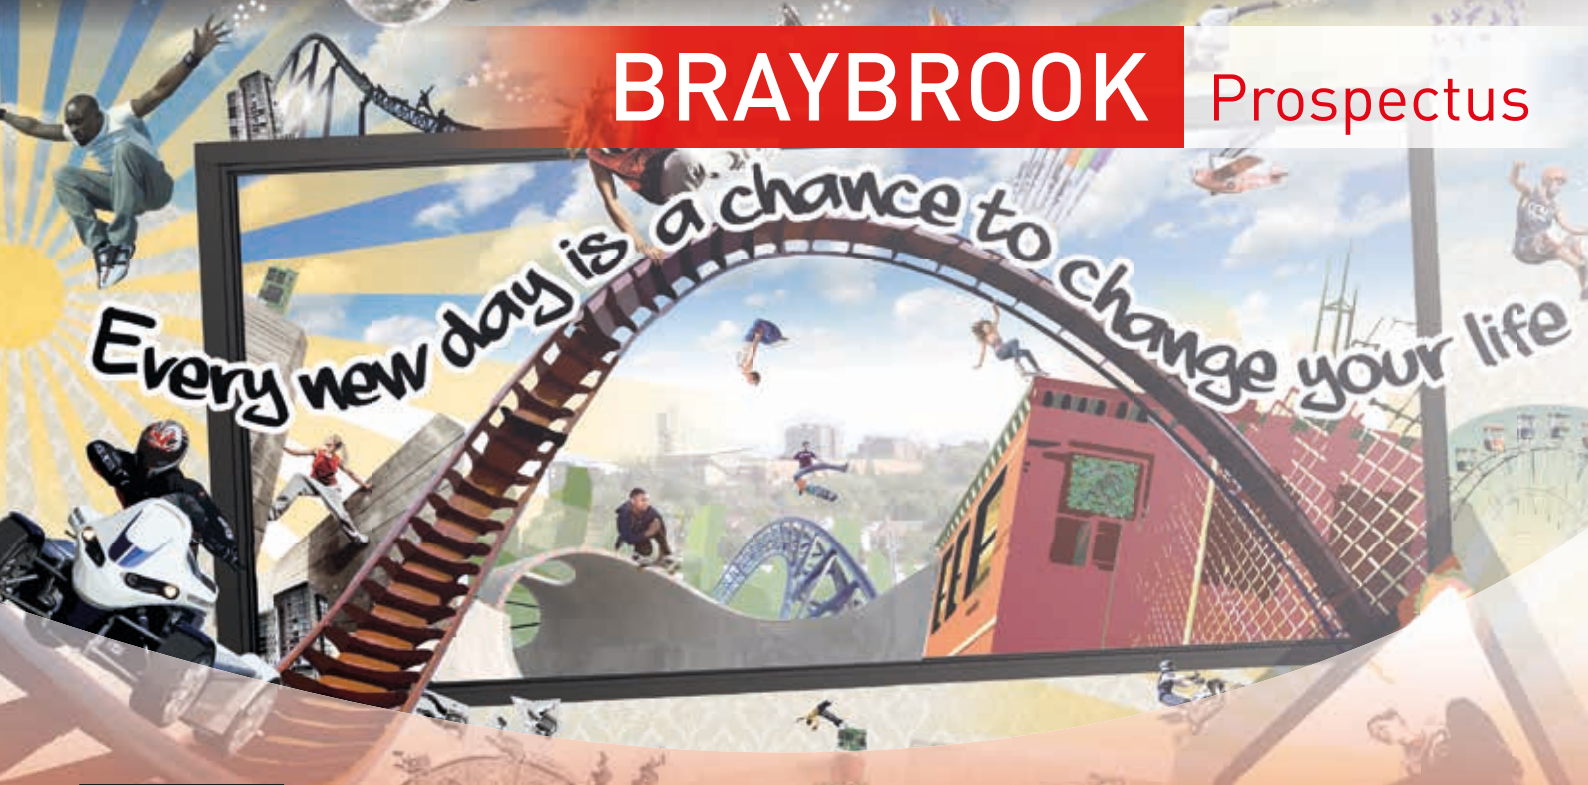
BRAYBROOK Prospectus



Lawnswood Campus Braybrook

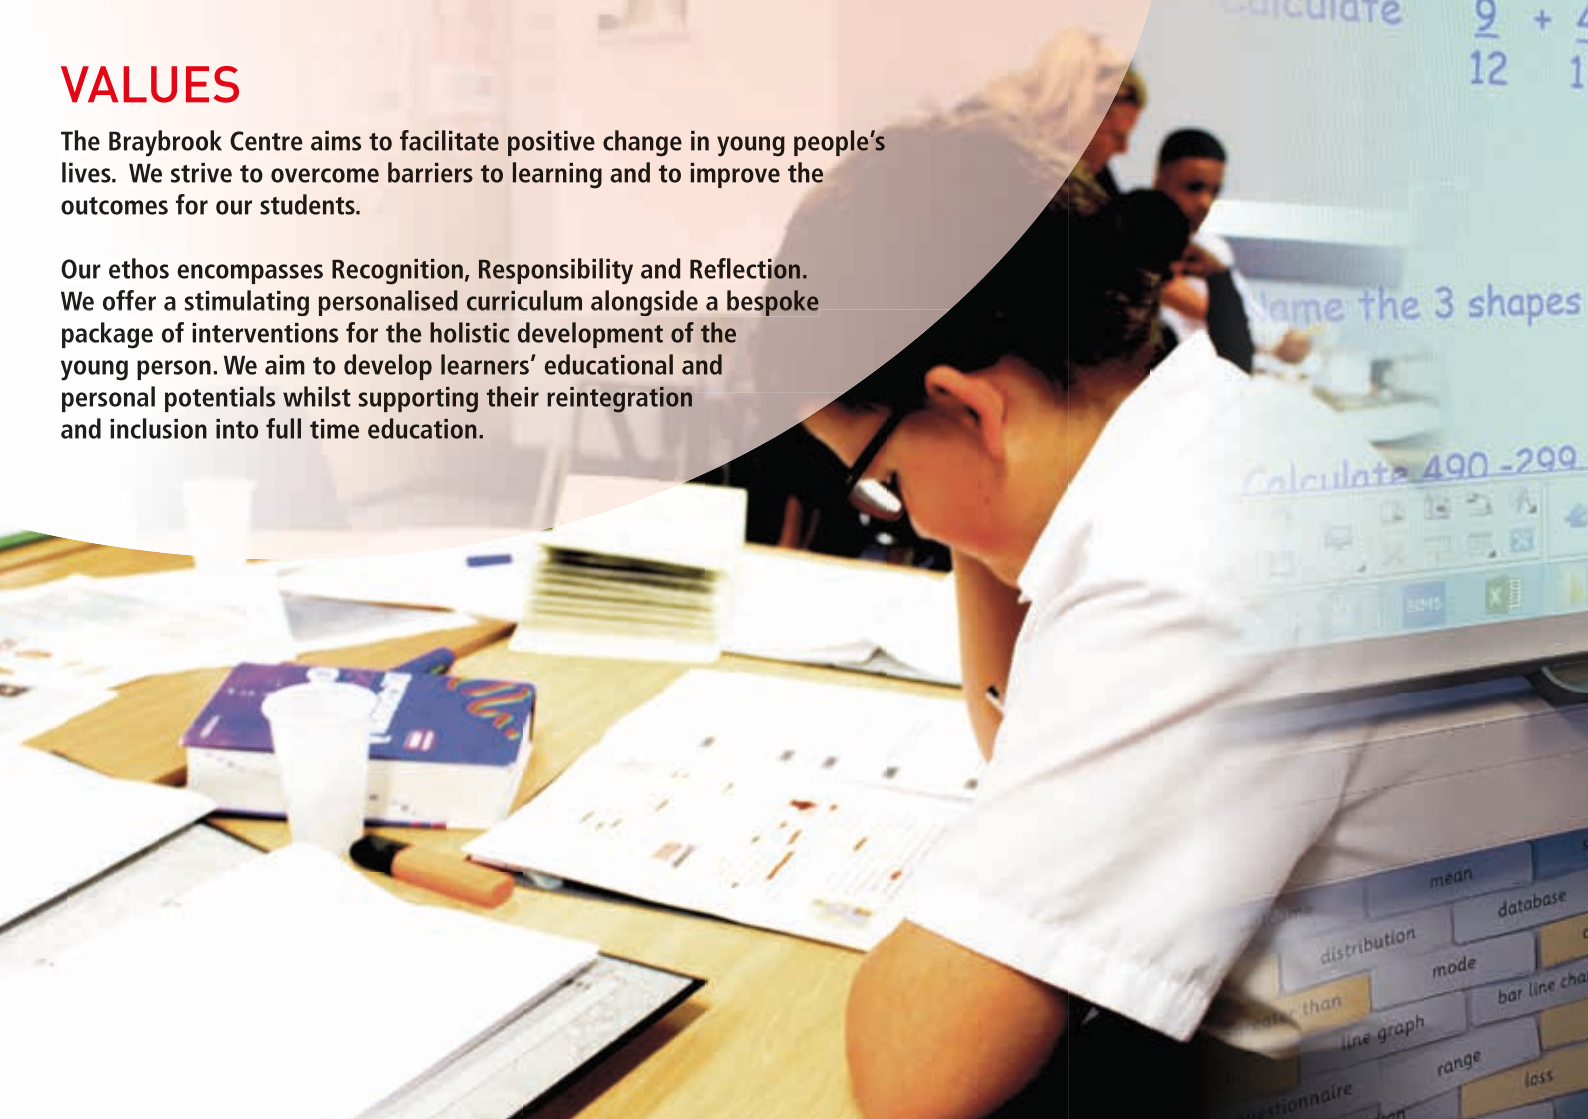
WELCOME

Welcome to The Braybrook Centre. We are a Key Stage 3 Pupil Referral Unit for young people with social and behavioural difficulties. We not only cater for students who are at risk of or have been permanently excluded from mainstream education but also focus on early intervention. Our core values are based around Support, Trust, Achieve and Respect. We work in partnership with mainstream schools, academies and other organisations to ensure the needs of our young people are met. Our high expectations for all of our students regarding their behaviour, progress and uniform along with a school based environment puts us at the forefront of Key Stage 3 alternative provision in Wolverhampton.

VALUES

The Braybrook Centre aims to facilitate positive change in young people's lives. We strive to overcome barriers to learning and to improve the outcomes for our students.

Our ethos encompasses Recognition, Responsibility and Reflection. We offer a stimulating personalised curriculum alongside a bespoke package of interventions for the holistic development of the young person. We aim to develop learners' educational and personal potentials whilst supporting their reintegration and inclusion into full time education.



SERVICES

Whilst our main offer is based around full time Key Stage 3 provision we can also provide part time or short term placements for students who require specific interventions. We can provide a bespoke package for students that can include:

- Full time placements
- Part time placements focusing on a combination of academic and holistic interventions
- 6th day provision for excluded pupils
- Provision for fixed term exclusions
- Outdoor Education
- Transition support
- Counselling Psychologist

Please see our website for an updated list of interventions and details on how to refer a student to The Braybrook Centre.

CURRICULUM

We aim to broaden our students' horizons by offering new challenges through both our curriculum and extra-curricular activities.

Our full time curriculum includes mathematics, English, Science, Computer Science, Humanities, Physical Education, Art, Food, Technology and PHSE. An extensive range of individual intervention strategies are also offered to all students. All of our full time provision is taught in a classroom environment by qualified teachers.

Our core offer is supplemented by the Duke of Edinburgh Award scheme and our own Volunteering, Expedition, Skills and Physical Award (VESPA), along with a range of other extra-curricular activities.
